“Laura’s seminars have helped me grow my real estate business in a direction that makes sense for me. I have been attracting “perfect” customers based on my work in her class instead of clients who run me around. I would highly recommend it to all Realtors and anyone in the sales and service industries.”

“Your seminar on “Attracting Perfect Customer” was great. They say that if a person can get just one good idea out of a seminar that it has been worthwhile attending. I received at least 5 things that have changed the way I look at customers and everyone that I deal with in my life. After 10 days of working the program I can report that it is working. I can’t wait to see and feel the results after 21 days.

I believe that this seminar would be valuable to anyone, but would benefit people in sales the most. I would recommend this program to all real estate agents regardless of how long they have been in the business.”
